PRASHANT GURUNG

Ethical Hacking & Cybersecurity Student | Kathmandu, Nepal

hello@prashantgrg.com.np | +977 9768594758 | prashantgrg.com.np

GitHub: kali-guru | LinkedIn: Prashant Gurung | TryHackMe: stoicpg

PROFILE

Cybersecurity student building foundations in web security, cybersecurity concepts and authorized penetration-testing methodology. Completed four TryHackMe learning paths and the Red Team Leaders CCEP exam. Seeking internship or entry-level opportunities in cybersecurity or IT support, with an emphasis on continuous learning, responsible testing and clear documentation.

EDUCATION

BSc Ethical Hacking and Cybersecurity | Currently studying
Softwarica College of IT & E-commerce, Kathmandu, Nepal

LEARNING AREAS

Web and security foundations: structured study through Web Fundamentals, Pre Security and Cyber Security 101.
Penetration-testing methodology: learning through the Jr Penetration Tester path, with testing limited to authorized environments.
Security education: continued development in explaining security concepts, supported by the CCEP certificate.

CERTIFICATES & COMPLETED LEARNING

Certified Cybersecurity Educator Professional (CCEP)
Red Team Leaders | Exam completion | 24 December 2025

TryHackMe learning-path completion certificates
Jr Penetration Tester | 15 May 2025
Web Fundamentals | 14 May 2025
Cyber Security 101 | 13 May 2025
Pre Security | 30 April 2025

Original certificates are available on the portfolio and display the issued name "Prasan gurung".

PERSONAL PROJECT

Interactive cybersecurity portfolio | 2026
Static website combining education, certificate downloads and contact information. Includes a browser-based terminal simulation, virtual text files, a globe and responsive layouts.
Implementation: TypeScript, Vite, vanilla CSS, SVG and Canvas 2D. Developed with AI assistance.
